IP120 Release Notes
Firmware Version 1.0.0.12
Date: 3/09/11

Note: New Features added are supported by PBX Software Version 4.x. However, phones are compatible with older PBX software 3.x.

1.0   Bug Fixes

Fixed issue where phone would reject anonymous calls if Remote Party-ID was not present.

Fixed issue where message waiting light would not light properly if second line was used.
